VOLUME 5, 1970
CONTENTS

Number 1 — issued January 1970

PANDIAN, T. J., Intake and conversion of food in the fish *Limanda limanda* exposed to different temperatures. 1

RADIL-WEISS, T. and N. KOVAČEVIČ, Influence of low temperature on the discharge mechanism of the electric fish *Torpedo marmorata* and *T. ocellata*. 18

FISH, J. D. and G. S. PREECE, The ecophysiological complex of *Bathyporeia pilosa* and *B. pelagica* (Crustacea: Amphipoda). I. Respiration rates. 22

WHITE, F., The chromosomes of *Trypetesa lampas* (Cirripedia, Acrothoracica). 29

BÜCKMANN, A., Die Verbreitung der Kaltwasser- und der Warmwasserfauna der Appendicularien im nördlichen Nordatlantischen Ozean im Spätwinter und Spätsommer 1958. [The distribution of the cold and warm water fauna of appendicularians in the northern North Atlantic Ocean during late winter and late summer 1958]. 35

MOSKOVITS, G. and K. FOELSCHE, Application of the fluorescent antibody technique to the identification of marine pseudomonads: a preliminary study. 57

EMIG, C. C., Remarks on the systematics of *Phoronidea* IV. Notes on ecology, morphology and taxonomy of *Phoronis mülleri*. 62

BERLAND, B. R., D. J. BONIN and S. Y. MAESTRINI, Study of bacteria associated with marine algae in culture III. Organic substrates supporting growth. 68

BAYOUMI, A. R., Under-water sounds of the Japanese gurnard *Chelidonichthys kumu*. 77

LIM, T. K. and S. S. LEE, Electrophoretic studies on muscle mycgens of some penaeid prawns. 83

CAMPBELL, S. A., The occurrence and effects of *Mytilicola intestinalis* in *Mytilus edulis*. 89

Number 2 — issued February 1970

PAFFENHÖFER, G. A. and J. D. H. STRICKLAND, A note on the feeding of *Calanus helgolandicus* on detritus. 97

MOSS, S. A. and W. N. MCFARLAND, The influence of dissolved oxygen and carbon dioxide on fish schooling behavior. 100

PARVATHY, K., Blood surgars in relation to chitin synthesis during cuticle formation in *Emerita asiatica*. 108

SANTHAKUMARI, V., The life cycle of *Eutima commensalis* sp. nov. (Eutimidae, Hydromedusae). 113

WILCE, R. T., E. E. WEBBER and J. R. SEARS, *Petroderma* and *Porterinema* in the New World. 119

GRAHAM, J. B., Preliminary studies on the biology of the amphibious clinid *Mnierpes macrocephalus*. 136

CZECZUGA, B., Some carotenoids in the jelly-fish *Aurelia aurita* (Scyphozoa: Discomedusae). 141

KRÜGER, F., Untersuchungen über die Temperaturabhängigkeit des Sauerstoffverbrauchs von *Crepidula fornicata* (Mollusca: Prosobranchia). [Investigations on the temperature dependence of the oxygen consumption of *Crepidula fornicata* (Mollusca: Prosobranchia)]. 145

PANDIAN, T. J., Ecophysiological studies on the developing eggs and embryos of the European lobster *Homarus gammarus*. 154

Number 3 — issued March 1970

TEN, V. S., On polyphagism. 169

FRANQUEVILLE, C., Etude comparative de macroplancton en Méditerranée nord-occidentale par plongées en soucoupe SP 350 et pêches au chalut pélagique. [Comparative study of macroplancton in north-occidental Mediterranean Sea, by dives in diving saucer SP 350, and catches by pelagic trawl]. 172

MILEIKOVSKY, S. A., Seasonal and daily dynamics in pelagic larvae of marine shelf bottom invertebrates in nearshore waters of Kandalaksha Bay (White Sea). 180

BLUMER, M., G. SOUZA and J. SASS, Hydrocarbon pollution of edible shellfish by an oil spill. 195

RAMAMURTHY, V. D., Experimental study relating to red tide. 203

STEBBING, A. R. D., Aspects of the reproduction and life cycle of *Rhabdopleura compacta* (Hemichordata). 205

KEMPF, M., Notes on the benthic bionomy of the N-NE Brazilian shelf. 213

FRICKE, H. W., Neue kriechende Ctenophoren der Gattung *Coeloplana* aus Madagaskar. [New creeping ctenophores of the genus Coeloplana from Madagascar]. 225

EMIG, C. C. et F. BECHERINI, Influence des courants sur l'éthologie alimentaire des phoronidiens. Etude par séries de photographies cycliques. [Influence of water currents on the nutritional behaviour of phoronideans. Study by series of continuous photographs]. 239

SCHMIDT, H., *Anthopleura stellula* (Actiniaria, Actiniidae) and its reproduction by transverse fission. 245

DECLEIR, W., J. LEMAIRE and A. RICHARD, Determination of copper in embryos and very young specimens of *Sepia officinalis*. 256

OLIVE, P. J. W., Reproduction of a Northumberland population of the polychaete *Cirratulus cirratus*. 259

Number 4 — issued April 1970

ZALKINA, A. V., Vertical distribution and diurnal migration of some Cyclopoida (Copepoda) in the tropical region of the Pacific Ocean. 275

BLANC, F. et M. LEVEAU, Effets de l'eutrophie et de la dessalure sur les populations phytoplanctoniques. [Effects of eutrophy and desalination on the phytoplanktonic populations]. 283

LUCU, Č., O. JELISAVČIĆ and I. RUŽIĆ, Kinetic sodium analyses in the crab *Carcinus mediterraneus*. 294

KRISHNAN, S. and S. KRISHNASWAMY, Studies on the transport of sugars in the holothurian *Holothuria scabra*. 303

FRICKE, H. W., Ein mimetisches Kollektiv — Beobachtungen an Fischschwärmen, die Seeigel nachahmen. [A mimetic group — observations on fish-schools imitating sea urchins]. 307

KÄHLER, H. H., Über den Einfluß der Adaptationstemperatur und des Salzgehaltes auf die Hitze- und Gefrierresistenz von *Enchytraeus albidus* (Oligochaeta). [On the influence of adaptation temperature and salinity on heat and cold resistance of *Enchytraeus albidus* (Oligochaeta)]. 315

ROSENTHAL, H. und R. STELZER, Wirkungen von 2,4- und 2,5-Dinitrophenol auf die Embryonalentwicklung des Herings *Clupea harengus*. [Effects of 2,4- and 2,5-dinitrophenol on the embryological development of the herring *Clupea harengus*]. 325

AX, P., Neue *Pogaina*-Arten (Turbellaria, Dalyellioda) mit Zooxanthellen aus dem Mesopsammal der Nordsee- und Mittelmeerküste. [New *Pogaina*-species (Turbellaria, Dalyellioda) with zooxanthellae from the mesopsammal of the North Sea and Mediterranean Sea coast]. 337

COULL, B. C. and W. B. VERNBERG, Harpacticoid copepod respiration: *Enhydrosoma propinquum* and *Longipedia helgolandica*. 341

LASKER, R., H. M. FEDER, G. H. THEILACKER and R. C. MAY, Feeding, growth, and survival of *Engraulis mordax* larvae reared in the laboratory. 345

HOUDE, E. D. and B. J. PALKO, Laboratory rearing of the clupeid fish *Harengula pensacolae* from fertilized eggs. 354
